4. Softball Bat Rules
 - Baseball bats are not allowed. All softball bats used must be UIL approved with the barrel of the bat not to exceed 2 ¼". 5. Softball Sizes: 11-inch softball for **8U & 10U** division; 12-inch softball for **12U**
6. All Softball Pitchers must wear a face mask

2. WARNING, EJECTION, AND PROTEST RULES

1. Players shall not throw the bat after making contact with the ball. A player who throws the bat shall be given a minimum of one warning per game by the umpire after which the player may be called out at the umpire's discretion. If the umpire calls a player out it will be considered a dead ball situation and no runners may advance and shall return to their original base.
2. There is a mandatory slide rule at Home Plate when the player covering Home Plate has the ball in his possession. The Umpire shall make the call as to whether the runner is safe or out (regardless of whether an attempt to slide was made by the runner); however, failure of the runner to attempt a slide may result in a warning or the runner being called out based on the severity of the violation.

3. COACHES - UMPIRES

1. Only the Head Coach may discuss a call (rule question only) with the Umpire after he has called and received time out. Under no circumstances should more than one Coach from either team discuss a call with the Umpire at any given time.

4. MISCELLANEOUS RULES

1. Teams must have 7 players at the start of the game for the game to not be forfeited. A 10 minute grace period will be given with teams less than 7 at game time.
2. **For 10U & 12U only:** For each time there is no hitter in the 8th or 9th slot an out will be applied to each of these batting spots in the order. If a player shows up late to the game they can be added at the end of the batting order and if in the 8th and/or 9th slot this will not count as an out the next time up. These outs are optional during the regular season. In the post season they have to be taken even if both coaches agree not to.
3. Time of games will begin at the first pitch of the game. The umpire and/or scorekeeper should keep the official time and should let coaches know the time remaining when asked. More often as the time is running out. The time of the last out of an inning is the time used to determine if a new inning will start.
4. It is up to the umpire's discretion to stop the clock for any prolonged injuries or if the umpire feels a team is purposely trying to stall and run out the clock.
5. The umpires will attempt to keep the game going at a good pace to ensure maximum innings can be played within time limit. Start of game and new pitchers get 8 warm up pitches. Pitchers remaining in the game can get as few as 3 warm up pitches for that inning depending on how long it is taking to get to the mound and warm up.
6. Courtesy runners can be used for both the Catcher and the Pitcher. If a courtesy runner is used then the player being run for must be the pitcher or the catcher during the next inning. The courtesy runner will be the player who made the last out for that given team.

TEE BALL LEAGUE RULES SUPPLEMENT

A. PLAYING RULES

1. **MANDATORY TWO (2) INNING PLAY RULE:** Each player must play two (2) defensive innings, including an infield position (pitcher, first base, second base, third base, or shortstop) by the fourth inning, unless injured. If a player did not play two (2) defensive innings then that player will play two (2) consecutive innings at the start of the next game.
2. There will be unlimited substitutions. Substitutions can be made during an inning; however, the subs must come from the dugout and must go to the same position as the player they are substituting. Substitutions can only be made due to injury, illness, or emergency bathroom break.
3. **Fielding Dimensions:** Base Lengths = 50 feet; Pitching rubber distance 38 feet
4. **Special Fielding Rule:** Pitcher, 1b, ss, 2b, cannot play infield in consecutive innings. They must play the outfield, Catcher, 3B, or be on the bench during the next inning. Once a player has played one of these 4 positions they cannot return to that same position for the remainder of

the game. They may however in an alternate inning play a different one of the 4 preferred positions(Example: Player plays pitcher the first inning then plays outfield the second inning then returns to the infield as a 1st baseman the third inning and back to the outfield or catcher for the fourth inning).

5. Players not wishing to participate during the game may remain in the dugout and can enter the game at any time, at the Head Coach's discretion.

6. Ten (10) players shall be used defensively: Four (4) outfielders, four (4) infielders, one (1) pitcher, and one (1) catcher. Players must play in their respective defensive positions –players switching positions during a defensive inning (unless due to injury) is not allowed.

7. Outfield players must remain five (5) feet behind the back edge of the infield until the batter has hit the ball into play. The “back edge of the infield” is defined as the curved dirt/grass transition beyond the base path.

8. Infielders must begin the play even with or just behind the base paths and can only move up after the ball has been hit. Pitchers must be on the rubber on the pitcher's mound.

9. Any ball hit into the outfield is live until it is returned to the infield and is in possession of an infielder and held in the air indicating play has stopped.

10. All players are in the batting lineup. Players arriving late for a game may be inserted at the end of the batting order. Coaches are encouraged to rotate players around the batting order during the season in order to allow each player the opportunity to bat in the top, middle and bottom thirds of the lineup during the course of the season.

11. A batter will be allowed a maximum of five (5) swings to hit the ball, regardless of whether or not contact has been made. Once the ball is placed on the tee, any motion towards the ball is considered a swing. A semicircle will be drawn in front of home plate. If the ball is not completely out of the semicircle then it will be declared a foul ball.

12. Runners may not lead-off or steal bases. Runners must have contact with the base until the ball is hit. If a runner is declared out for leaving early then that runner is removed from the base and all other runners must return to their original base. The same batter remains up to bat.

13. Players must hit the ball past the 5 ft foul line in front of home plate. The ball is not considered live unless it passes this line. If there is not a line painted at the beginning of your game it is a coaches responsibility to add one before play starts (draw one with a bat in the dirt will work too).

14. Outfielders cannot make a putout on a ground ball hit to them. They must throw the ball to an infielder. They are allowed to make putouts after they retrieve the ball on an overthrow.

15. Pitchers are encouraged to throw to first rather than chase and tag the runner however this is not required(As the season progresses it will be harder to tag runners from pitcher and this also teaches runners the importance of running quickly to first to avoid a tag rather than watch the ball once in play). **Overall Goal is to teach players to throw to bases for the out rather than run and tag**

B. DEAD BALL RULES

Once the ball is in the possession of an infielder in the infield and in the opinion of the Umpire, is not making a play on a runner, the Umpire shall call "Time". Once time is called the base runners can proceed to the base they were running to but no further and the play shall be considered finished.

- Please note that an infielder has to have possession of the ball. It doesn't count if the ball is on the ground or rolling into the infield
- If the infielder throws the ball to make a play on a runner or is running after a runner then the play is not considered over.
- The infielder can raise their hands as an indication that they are not making any further play on the runners.

An "Overthrow" is defined as any ball thrown into foul territory at first (1st) base or third (3rd) base, before the base runner has reached the base. If an "overthrow" is made, during the first half of the season then the base runner(s) cannot advance. This is to encourage all players to throw through to 1b without any risk of being penalized for bad throws. During the 2nd half of the season base runners can advance a maximum of 1 base at their own risk. The runners are still limited to 1 base even if the ball is thrown back into the field of play. This is to encourage players to back-up the bases and to make throws to try to get out advancing runners. Runners are not allowed to advance home on overthrows. They must stay at 3rd base.

C. LENGTH OF GAMES

Regulation games will be a maximum of four (4) innings, but no inning may be started after one hour and five minutes (1:05). No team can score more than four (4) runs in each inning. In the event of a tie game after 4 innings then a 5th inning can be started if the (1:05) one hour-five minute inning start time has not been reached. If the game is tied at the end of the time limit then the game should be considered a tie for the regular season. In the end of season tournament extra innings will be played. At the start of the 5th inning, each team will start their at bat with a runner at second base and two outs in the inning. The player at second base will be the last player to bat in the previous inning.

SU COACH PITCH BASEBALL & SOFTBALL LEAGUE RULES SUPPLEMENT

A. PLAYING RULES

1. MANDATORY TWO (2) INNING PLAY RULE: Each player must play two (2) defensive innings, and coach should try to give all players a chance to play in the infield during the season if at all possible. If a player did not play two (2) defensive innings then that player will play two (2) consecutive innings at the start of the next game. The goal is equal playing time per player.

2. There will be unlimited substitution. However, a defensive player (either a starter or a substitute) cannot be removed until that defensive portion of the inning is completed, unless due to injury or illness.

3. Ten (10) players shall be used defensively: Four (4) outfielders, four (4) infielders, one (1) pitcher, and one (1) catcher. The pitcher must stand even with the pitching rubber on either side of the pitcher. Players must play in their respective defensive positions, players switching positions during a defensive inning (unless due to injury) is not allowed. When playing with nine (9) players, the players must play in normal baseball positions; all infield positions must be occupied and all outfield positions must be occupied.

4. **8U Coach Pitch Baseball:** A coach from the team at bat should pitch from the rubber at 38 feet with an overhand throw. Bases are 60 feet in length.

5. **8U Coach Pitch Softball:** A coach from the team at bat should pitch from the rubber at 38 feet with an underhand throw. Bases are 60 feet in length.

6. Should an 8U Softball team be playing an 8U Baseball team, then a softball will be used for the full game.

7. All players are in the batting lineup. Players arriving late for a game may be inserted at the end of the batting order.

8. A batter will be allowed a total of six (6) pitches to hit a fair ball unless, during that at bat, three (3) strikes are charged; at which time the batter will be out. A hit ball that strikes the Pitching Coach will be a dead foul ball and count as a pitch. If the 6th pitch hits the pitching coach or is hit foul, the batter will NOT be out and may continue to bat until the player does not swing, strikes out or puts the ball into play. There will be no intentional bunting allowed.

9. Runners may not lead-off or steal bases. Runners must have contact with the base until the ball is hit, or the runner is out. If the runner is called out it is a dead ball and that runner is removed from his/her base and any other runners return to their bases and the batter remains up to bat.

10. The Infield Fly will not be observed in Coach Pitch.

B. DEAD BALL RULES

Once the ball is in the possession of an infielder in the infield and in the opinion of the Umpire all advancing by all runners or play on the base paths has ceased, the Umpire shall call "Time." An "Overthrow" is defined as any ball thrown into foul territory at first (1st) base or third (3rd) base, before the base runner has reached the base. If an "overthrow" is made, then the base runner(s) can advance a maximum of 1 base at their own risk. The runners are still limited to 1 base even if the ball is thrown back into the field of play. This is to encourage players to backup the bases and to make throws to try to get out advancing runners.

C. LENGTH OF GAMES

1. Regulation games will be a maximum of six (6) innings, but no regulation inning (one through six) may be started after one (1) hour and twenty (20) minutes. Should the game be tied after six (6) innings and there is time remaining, an extra inning may be played.

2. If after four (4) complete innings, or three and a half (3 ½) innings when the home team is ahead, the next inning cannot begin due to the one (1) hour and twenty (20) minute time limit, play will stop, the Umpire will declare a complete game and declare either a winner or tie game. During the post season tournament, extra innings will be played to determine the winner.

3. No team can score more than five (5) runs in an inning.

2. There will be unlimited substitution. However, if a player has been removed as a pitcher, then that player cannot return to pitch during the remainder of the game. Other than the pitcher, a defensive player (either a starter or a substitute) cannot be removed until that defensive portion of the inning is completed, unless due to discipline, injury or illness.

At the conclusion of the game, both Head Coaches and the Home Plate Umpire will review and approve the pitching record and score of the game. Failure to review and sign-off on the game record results in automatic approval of the record.
7. There will be no slash bunting/hitting (faking a bunt and then pulling back and swinging). If a player attempts this then there will be a dead ball, batter will be declared out, and base runner(s) must return to the base they were on when the pitch was thrown.

2. A pitcher is limited to 60 maximum pitches per day. A pitcher may finish pitching to a batter if he reaches his count limit in the middle of an at-bat. Warm up pitches do not count.
3. RBI Austin adopts the MLB Pitch Smart Guidelines for pitch counts and days off. Each team should strictly follow the guidelines shown in the table below and will need to track pitch counts each game and turn those into the league administration

4. The Head Coach is responsible for knowing and following the pitching rules. The Home Plate Umpire is responsible only for enforcing the violations of those rules. Once a protest has been lodged by an opposing Head Coach involving an ineligible pitcher, the Home Plate Umpire must determine if the protest is appropriate and if so, shall require the Head Coach of the pitcher in question to confirm or produce evidence that the pitcher is or is not ineligible (pitching records of the previous game and all games that week must be carried by the Head Coach). If the pitcher is ineligible, the pitcher cannot throw any further pitches during that game and is ineligible to pitch the team's next game.

3. A hitter cannot advance on a dropped 3rd strike.

E. 12U BASERUNNING RULES

1. Standard MLB baserunning rules (leadoffs allowed, pickoffs allowed).

Each pitcher shall receive one balk warning per game before the balk penalty (runners advancing) is enforced.

If a runner is advancing as the pitcher is moving toward the mound, that runner may continue to advance, provided she does not stop the forward motion of the advance. Any hesitation or motion back toward the original base (behind) will force that runner to return to the original base immediately when the pitcher returns to the mound.
8. The Head Coach will make the determination about continued play time for any player who has claimed an injury. This is left to the coach's discretion.
9. If both team Head Coaches have 10 or more players ready to play at the game start time, they may decide at the start to play a shortfield position, thereby allowing 10 players on the field. Both teams must agree and must play 10 defensive players.

3. A hitter cannot advance on a dropped 3rd strike.

C. LENGTH OF GAMES

1. The clock will start after the pitcher makes their final warm-up pitch in the top of the 1st inning. Regulation games will be a maximum of six (6) innings, but no regulation inning (one through six) may be started after the time limit. Should the game be tied after six (6) innings and there is time remaining, an extra inning may be played.
2. If after a complete inning (or a half inning when the home team is ahead) the next inning cannot begin due to the time limit, play will stop, and the Umpire will declare a complete game.
