2020 Impact Report **MORE.**

Now to Him who is able to do far more abundantly than all that we ask or think, according to the power at work within us, to Him be glory in the church and in Christ Jesus throughout all generations, forever and ever.

- Ephesians 3:20-21

2020 KEY ACCOMPLISHMENTS

Increased number of teens in discipleship relationships by relaunching the Player Discipleship Program.

Safely connected kids to positive mentors, physical activity, and teams in the midst of an unprecedented summer.

Launched a benevolence program to meet critical needs of our RBI Austin families during COVID-19.

MORE. MORE. MORE.

2020 presented far more challenges, uncertainties, and needs than we anticipated. Yet, God also used it to present **abundantly more opportunities to engage, develop, and support our 1,295 RBI Austin kids and their families** than we had originally planned.

As we remain in the throws of a global pandemic, we still look back at this past year and praise God for all that He made possible through you, our amazing RBI Austin community.

Thank you for making these things possible this year!

RELAUNCHED PLAYER DISCIPLESHIP PROGRAM

We honed in on going deeper with **93 RBI Austin teens** through the relaunching of the Player Discipleship Program as well as the continuation of the Player Development Academy and the Mentor Match Program.

These programs are worth celebrating because each one focuses on getting teenagers into deeper discipleship relationships with positive adult mentors!

Children with mentors (compared to those without) are:

- 46% less likely to begin using illegal drugs
- 27% less likely to begin using alcohol
- 52% less likely to skip school

4.6x Higher Rate

COVID-19 hospitalization rates are at least 4.6x higher among Latinos and African Americans than that of White persons.

HOSTED A SAFE SUMMER LEAGUE

COVID-19 significantly limited our kids' ability to be active and to be in community. Isolation was one of the greatest concerns we heard from our RBI Austin parents.

While the scope of play was limited, we were able to provide a safe environment for **914 kids** to play ball and be connected to a team this summer.

LAUNCHED FAMILY BENEVOLENCE PROGRAM

With your support, we modified our service delivery model to meet critical needs of RBI Austin kids and families in new ways amidst COVID-19.

To help meet these needs, **\$29,950 was given** to launch the RBI Austin Family Benevolence Program that provided grocery store gift cards and laptops for online learning to **142 families serving 431 kids**.

For more information, visit rbiaustin.org.

3x More Likely

Kids from economically disadvantaged homes were **3x more likely to lose engagement** during online learning in 2020.
